ADJUSTABLE SPEED LIMITER MAIN INDICATOR LIGHT (AMBER), ADJUSTABLE SPEED LIMITER SET INDICATOR LIGHT (GREEN) [SKYACTIV-G 1.3, SKYACTIV-G 1.5]

id0140q1300600

Purpose, Function
- Informs the driver of the adjustable speed limiter control status.

Construction
- The adjustable speed limiter main indicator light (amber)/ adjustable speed limiter set indicator light (green) is built into the instrument cluster.(See INSTRUMENT CLUSTER.)

Operation
Adjustable speed limiter main indicator light (amber) illumination condition
- The indicator light illuminates amber when the speed limiter switch is pressed and the adjustable speed limiter is activated.

Adjustable speed limiter set indicator light (green) illumination condition
- The indicator light illuminates green when a speed has been set.
- The PCM sends an adjustable speed limiter main indicator light (amber) or adjustable speed limiter set indicator light (green) illumination request to the instrument cluster via CAN communication.
