AIR MIX ACTUATOR [FULL-AUTO AIR CONDITIONER]

id0740a1004700

Purpose

- The air mix actuator opens/closes the air mix door in the A/C unit to adjust the temperature of the air blown from the air vent.

Function

Door open/close function

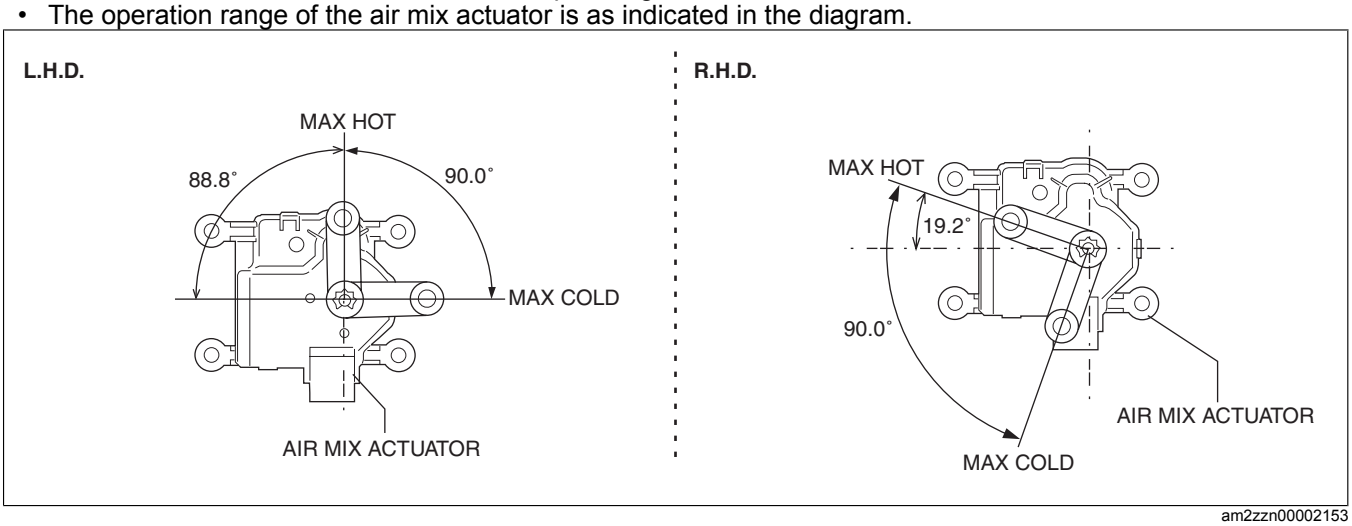

- The door open/close function opens/closes the air mix door in the HOT or COLD direction based on the motor drive of the air mix actuator.

Door position detection function

- The door position detection function fluctuates the potentiometer voltage value which is linked to the air mix actuator motor drive.

Construction

- A potentiometer-type air mix actuator has been adopted.
- The air mix actuator is located on the front passenger side of the A/C unit.
- The operation range of the air mix actuator is as indicated in the diagram.

am2zzn00002153

Operation

- For the air mix actuator operation, refer to the FULL-AUTO AIR CONDITIONING SYSTEM [FULL-AUTO AIR CONDITIONER]. (See FULL-AUTO AIR CONDITIONER SYSTEM [FULL-AUTO AIR CONDITIONER].)

Fail-safe

- Not applicable
