SUPPLIER IDENTIFICATION PROCEDURE [AUDIO]

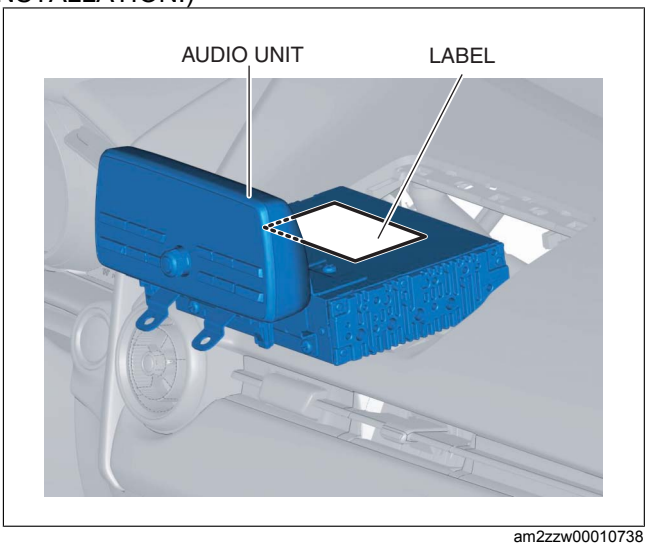

id0902f6803800

Note

- The supplier varies depending on the units. When asking the supplier (service center) for repair or replacement, identify the supplier and fill in the Audio Repair Order Form using the following procedures.

Identification With The Label

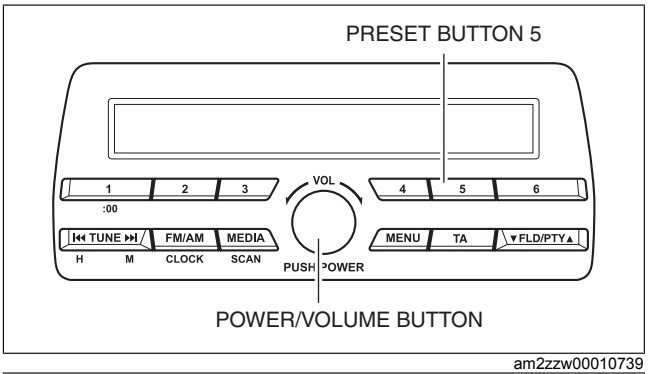

1. Disconnect the negative battery cable. (See NEGATIVE BATTERY CABLE DISCONNECTION/CONNECTION.)
2. Remove the audio panel No.1. (See AUDIO PANEL No.1 REMOVAL/INSTALLATION.)
3. Remove the audio panel No.2. (See AUDIO PANEL No.2 REMOVAL/INSTALLATION.)
4. Remove the audio unit. (See AUDIO UNIT REMOVAL/INSTALLATION.)
5. Verify the supplier name by referring to the label attached to the unit.
