REAR WINDOW DEFOGGER REPAIR

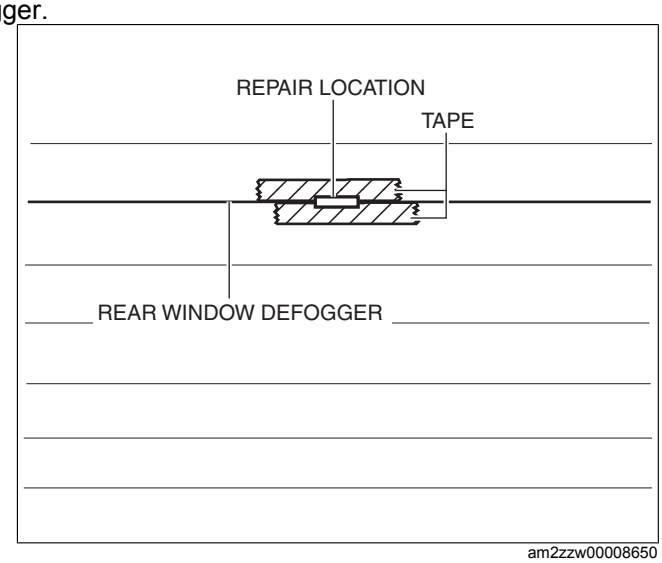

id091200020600

1. Clean and degrease the area of the rear window defogger.
2. Attach tape to both sides of the rear window defogger.
3. Using a small brush or marking pen, apply silver paint.
4. Remove the tape without damaging the applied area.

Caution

- **Do not operate the rear window defogger until the paint is completely dry. It may cause other malfunctions if it is used before the paint is dry.**

5. Follow the instructions for the commercially available silver paint and dry the repaired area.
